

REMARKS

The undersigned would like to thank Examiner Luong for the time he spent on August 1, 2007. An agreement was reached. Again, the undersigned thanks Examiner Luong for discussing this case such that it could proceed to allowance.

An Advisory Action was mailed on July 27, 2007. The amendments contained herein are merely formalities in order to place the current application in condition for allowance. These amendments were discussed and agreed upon with the Examiner. In summary, independent claims 1 and 12 were amended to recite that "said third weight and said fourth weight being oppositely disposed and substantially equidistant from said transverse axis." Claims 9 and 10 are amended to recite "wherein said securing means is operatively connected to said pedal body." A similar amendment was made to claim 16. Finally, claims 6, 7, 21, and 22 were cancelled. Based upon the foregoing, Applicant believes that the instant case is condition for allowance.

Respectfully submitted,

BROUSE MCDOWELL
